Mission

Token holders will receive discounts on purchasing land, houses, or apartments purchased by MetaDEX. Token holders can pay rent or payments to MetaDEX using the MetaDEX token. Token holders will be able to use our rent to town programs to purchase housing. In conjunction, we will build sustainable crypto cities, and, communities with their own renewable power sources. This renewable power will be used to keep the token friendly to the Environment.

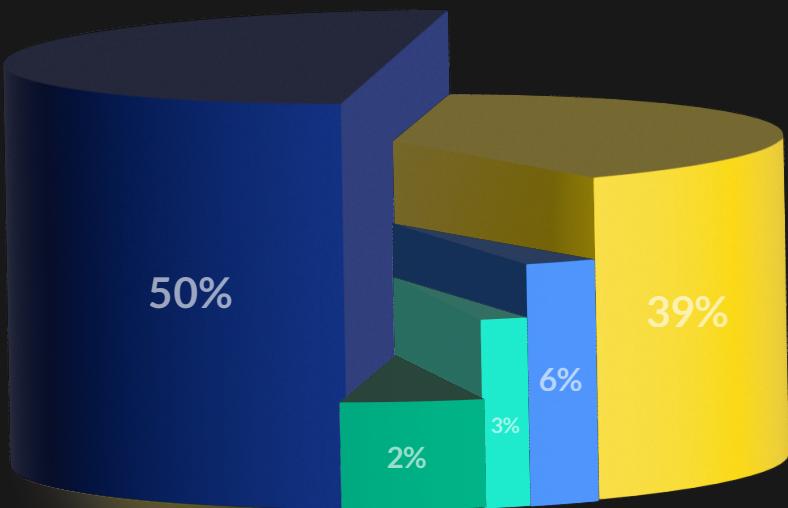

These sustainable cities are communities will be off grid and be self-governed. They will start as Towns in the USA and around the world.

These communities will have access to their own metaverse as well as any MetaDEX token holders, which will be built by the community.

Wallet and smart contracts for the NFT functionality will be Available a few months after launch
